

VERDOMO

Comprehensive U.S. trademark search and written opinion — commissioning packet

September 7, 2026

1. The engagement

Item	Detail
Service	Comprehensive U.S. search and written opinion, as quoted on September 5 (\$1,200). Expedited turnaround requested — please confirm the surcharge and the turnaround it buys, and start now.
Candidate mark	VERDOMO (standard characters)
Applicant	NexSys LLC
Filing basis	Intent to use (§1(b))
Classes	9 and 42 — proposed identifications in Appendix A, §A4 (please correct freely; the exclusions at the end of each are deliberate)
Scope	United States only. No EU or foreign work is requested in this engagement.
Fallback	If the LOCKIN DOMO is a blocking problem on sight (see §2), redirect the same search and opinion, at the same fee, to VERDOMU — please tell us before starting rather than after.
After the opinion	We intend to file within days of a clean opinion and to acquire the matching .com the same day.

2. The question to read first — the LOCKIN DOMO

Your September 5 note raised a concern about another DOMO name given LOCKIN's smart-lock goods. That is the first thing we would like you to read, before the search begins. The relevant registration is **LOCKIN (U.S.) INC., DOMO, Reg. 8404753** (Class 9: cameras, alarm monitoring systems, biometric locks, software for electric locks and burglar alarms, software for monitoring a home). Appendix B tables the twelve DOMO-morpheme marks in Classes 9/42 examined since LOCKIN's application was on file: examiners raised LOCKIN against the identical word DOMO and against one DOMO-initial mark that claimed LOCKIN's own goods — and against none of the three MOR-/AURA-/MAJOR- formatives, which registered or published without a DOMO citation.

The question, put plainly: does VERDOMO read as one coined word, or as VER- plus a dominant DOMO? And, on the record in Appendix B, how much weight does DOMO carry in this field?

If your answer on sight is "blocking", please stop and tell us — the fallback in §1 applies at the same fee. Otherwise, please proceed with VERDOMO.

3. The order in which we would value your read (the written opinion)

(1) The LOCKIN DOMO (Reg. 8404753), as above.

- (2) DOMOTZ's Class 42 registration (Reg. 5781917) against our Class 42 identification — Appendix B, §B4 carries our proposal to drop the "design and development of home-automation software for others" clause if you think it helps.
- (3) VERDO.AI (SN 79448974; Appendix A, §A2).
- (4) MORDOMO (Reg. 7848245).
- (5) Whether the exclusions at the end of each §A4 identification help or hurt.
- (6) Whether a translation statement is needed.
- (7) Whether a consent from Domo, Inc. is a realistic fallback if it is cited (Appendix B, §B5 notes the one consent on the record).

4. About the appendices

Appendix A (September 2) and Appendix B (September 5) are our own research passes at the USPTO and EUIPO records — not legal analysis. Every figure was read at the source document (TSDR prosecution histories, office actions, examiner search summaries, EUIPO decisions); items we could not verify at source are marked "inferred". They are provided to save you time, not to steer you; if anything is wrong or unhelpful, please disregard it.

Appendix A — VERDOMO pre-opinion dossier (September 2, 2026)

Our own research pass at the USPTO (tmsearch, TSDR, TTABVUE), TMview/EUIPO and registrar records. Facts only; not legal analysis. §A3 (EU/world records) is included for context — no EU work is requested.

§A1 The DOMO family in cl. 9/42 (live) — with prosecution facts

Mark	Sn / Reg	Owner	Cl.	Goods (verbatim excerpt)	Prosecution
DOMO	85371693 / 4377003	DOMO, INC. (DE)	9, 42	"downloadable computer software for generating, manipulating and displaying charts, and graphs...; computer software, namely, computing and operating software for the collection and management of data and information..."	Reg. 2013; §8/§15 2019; renewed 2023-10-02

§A3 EU / world records by number

- **ES N0493970 VERDOMO** — nombre comercial; Marc Arendt, Camí des Pujol s/n, 07620 Lluçmajor; cl. 36 "ADMINISTRACION DE VIVIENDAS; ALQUILER DE VIVIENDAS; ..."; filed 09/12/2025; 26/02/2026 "EFECTUADO TRAM. ART.18.4 LEY SIN DETECTAR ANTERIORIDADES RELEVANTES"; 05/03/2026 "PUBLICACION DE SOLICITUD"; 03/09/2026 "En tramitación"; no opposition recorded.
- **EUTM 018825272 Verdomondo** — word; Christina Bonde, Tisvilde Bygade 9D, 3220 Tisvildeleje (DK); filed 18/01/2023; reg. 04/05/2023; exp. 18/01/2033; cl. 38 "Tilvejebringelse af adgang til en e-markedsplads [portal] på computernetværk"; no representative. Art. 18(1) EUTMR use period → 04/05/2028.
- **IR 1436040 VERDO** — Verdo A/S, Agerskellet 7, DK-8920 Randers NV (rep. Zacco); figurative (grey/green); reg. 16/04/2018, exp. 16/04/2028; designates EM, NO, CH; EUIPO: 2 oppositions (B 3 078 864 withdrawn; B 3 076 423 rejected 2020), "IR accepted" 16/02/2021. Cl. 9 "Alarms and alarm installations, including burglar alarms and fire alarms; electric monitoring apparatus; ... apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity; ... apparatus for measuring of the energy consumption as well as software for use herewith." Cl. 11 "... heat pumps." Cl. 42 "... design and development of computer hardware and software...". Also DK VA 2009 03235 / 03242 (cl. incl. 9, 42); UK00003690621 (2021; incl. 42).
- **EUTM 017972281 DOMO** — word; Linea 2000 B.V., Dompel 9, 2200 Herentals; reg. 06/11/2019; exp. 24/10/2028; cl. 3,7,8,9,11,20,21,24,26; cl. 9 "...apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity; calculating machines; computers; ... scales...".

- **EUTM 017965694 WERDOMO** — word; Fabryka Mebli WERSAL (PL); reg. 30/01/2019; cl. 20 "Meble i akcesoria meblowe wyposażenia domu." (+ UK00917965694). **EUTM 016309511 VERDOMA** — Bayer AG; cl. 5, 10 (+DE, UK).
- CN 31653551 VERDO (cl. 9; 2018); CN 45497964 维多默 (cl. 9; Xi'an Weiduomo Automation; 2020). TMview "contains VERDOM" = 69 (JP/KR 0); "contains VERDOMO" = 2.
- EU decisions (verbatim): **B 3 046 882 DOMOLETTI v. DOMO (2019, rejected)** — "The earlier marks, 'DOMO' are distinctive to an average degree. The signs are visually and aurally similar to a low degree." "...the sign is likely to be perceived as a whole." **B 3 161 393 domono v. DOMO (2022, partially upheld 7/9/11)** — "the elements 'DOMO' and 'DOMONO' are meaningless for the relevant public and, therefore, distinctive"; "downloadable software applications for mobile phones are similar to the opponent's computers". **B 3 141 618 Domovik v. DOMO (2024, refused)**. **8511 C MYDOMO (2014, partially invalid; BoA R 2648/2014-4 confirmed)** — "'DOMO' which is the entire earlier mark and the last four letters of the contested one... may be perceived by the English-speaking public as the possessive pronoun." **B 3 076 423 Verdú v. VERDO (2020, rejected)** — "the public will associate the verbal element 'VERDO' with the green colour." **GC T-618/24 athom smart home (2026)** — cl. 9 plugs/sockets/circuit breakers "can be controlled and managed remotely" → similar to smart-home goods.

§A4 Proposed identifications (for counsel to correct)

- **Cl. 9:** Downloadable computer software for controlling, automating, monitoring and coordinating connected home devices, sensors, lighting, heating, ventilation, locks and appliances via a local network; downloadable operating-system software and recorded firmware for home-automation hubs and controllers; home-automation hubs and controllers, namely, computer hardware for local processing of sensor data and device commands; downloadable mobile applications for configuring and controlling the foregoing; none of the foregoing being business-intelligence or data-analytics software, remote network-monitoring or IT help-desk software for managed service providers, electricity-metering apparatus or energy-utility software, or household electrical appliances or lighting fixtures.
- **Cl. 42:** Providing temporary use of on-line non-downloadable software for controlling, automating and monitoring connected home devices; software as a service (SaaS) featuring software for configuring home-automation rules and reviewing automation event histories; design and development of home-automation software for others; none of the foregoing being business-intelligence or data-analytics services, provision of access to electronic marketplaces, remote monitoring of computer networks for managed service providers, or energy-supply advisory services.

§A5 The domotics-root argument — register precedents (facts only)

1. USPTO treats "DOMOTICS" as merely descriptive of home-automation goods (FJ DOMOTICS, 2023) yet registered DOMOTICS alone for a real-estate app (7158002) and accepted "no meaning in a foreign language" for KIDOMO/DOMOBILE.
2. Domo, Inc.'s DOMO has been cited only against identical DOMO marks (NHK 2024; MAZIGH 2026); X-DOMO marks in cl. 9/42 registered with no DOMO citation (MORDOMO 2025 "no conflicting marks"; LOCKIN DOMO 2026 no OA; MAJORDOMO 2026 no OA; AURADOMO 2025 ID-only; DOMOS 2026 cited DOMOS COLIVING, not DOMO; KIDOMO 2022; AUDOMO 2021; DOMOBILE 2016).
3. Domo, Inc. resolves DOMO conflicts by consent (NHK final action 2025-12-31).
4. EUIPO treats DOMO as of normal/average distinctiveness (2014, 2019, 2022), has not treated a -DOMO suffix as descriptive, and found DOMO inside a 9-letter word "perceived as a whole" (DOMOLETTI) while DOMO-initial and MY+DOMO forms lost.
5. EUIPO reads VERD-/VERDO as "green" (B 3 076 423): VERDOMO's conceptual read in ES/IT/PT/FR is "green + home/dome".

Appendix B — the DOMO family at the prosecution record (September 5, 2026)

Our own research pass, 2026-09-05; not legal analysis. Every figure was read at the TSDR document (the prosecution history, the office action, or the examiner's search summary), except where marked "inferred". Figures are as of 2026-09-05.

B1 — Citation census. Applications in Classes 9/42 containing domo, filed 2018 onward: 55 (53 examined; 25 registered). Section 2(d) citations of any DOMO-family registration: **2**, both against the identical word DOMO — NHK's DOMO (SN 79395895; refused 2024-09-28 on Domo, Inc.'s registrations; the refusals "obviated based on the consent agreement submitted by applicant" in the final action of 2025-12-31, one unrelated cutlery citation remaining; published 2026-07-28) and MAZIGH's DOMO (SN 79444992; non-final action 2026-05-01; prior-pending advisory naming LOCKIN's application among seven DOMO marks; no response yet). **Formatives of the form X-DOMO cited on any DOMO registration: 0 of 15. DOMOTZ cited against any of the 53: 0.** Median filed-to-publication for the uncited registrations: 9.4 months.

B2 — The LOCKIN temporal test. LOCKIN's DOMO (SN 99001229) was filed 2025-01-16 (§1(b)); the examiner's search summary of 2025-06-27 shows 251 live domo records viewed (DOMOTZ and Domo, Inc. among them) and nothing cited; approved without an action; registered 2026-08-18 (Reg. 8404753). Of the **12** DOMO-morpheme marks in Classes 9/42 examined after that filing date:

Mark (filed)	Examined	Outcome	LOCKIN raised?
MORDOMO	2025-03-19	"no conflicting marks"; reg. 2025-07-01	no
DOMO DESIGN ×2 (cl. 42)	2025-09-26	no conflict; reg. 2026-03-24	no
DOMOAI	2025-09-29	"no conflicting registered marks"; suspended on Domo, Inc.'s own prior-pending DOMO.AI	no
AURADOMO	2025-12-14	identification amendment only; reg. 2026-06-02	no
DOMOLINE (SN 99449012)	2026-03-09	"no conflicting registered marks" + a prior-pending advisory on 99001229 (its Class 9 list claimed alarm installations, video monitors, electric locks — LOCKIN's goods); abandoned unanswered 06-10	yes (advisory)
MAZIGH DOMO (identical word)	2026-05-01	refused on Domo, Inc.'s registrations + the advisory above	yes (advisory)
DOMOS ×3	2026-06-09	cited DOMOS COLIVING only	no
MAJORDOMO	2026-07-24	no action; published	no

LOCKIN raised against: the identical word, and a DOMO-initial mark claiming LOCKIN's goods — 2 of 12. Against the X-DOMO formatives: 0 of 3. Against DOMO-initial software/services marks: 0 of 6.

B3 — The field, counted. Live Class 9/42 records containing the string: 51; DOMO-morpheme marks: 35, across **28 owners**. In home automation, monitoring, locks and security: **4 registered owners coexisting** — Domotz (Reg. 5781917, §8/§15), LOCKIN (8404753), KIDOMO (6680677: baby monitors, digital door locks, motion sensors; approved 2021 without an action), MAMIDOMO (7962062, video baby monitors) — plus one pending. LOCKIN, KIDOMO and MAMIDOMO are use-based; DOMOTZ carries §8/§15. TMEP §1207.01(d)(iii) (May 2026) on third-party registrations of the same component for similar goods: "...may be given some weight to show ... that a mark or a portion of a mark has a normally understood descriptive or suggestive connotation, leading to the conclusion that the term or mark component is relatively weak" (citing Juice Generation v. GS Enters., 794 F.3d 1334 (Fed. Cir. 2015)).

B4 — DOMOTZ's Class 42 against our §A4 Class 42. DOMOTZ 5781917, Class 42, includes "design of home and office automation systems" and SaaS "for accessing, monitoring, inspecting, viewing, and controlling remote computers and devices". Our §A4 Class 42 includes "design and development of home-automation software for others" (the closest overlap) and SaaS "for controlling, automating and monitoring connected home devices". **Our proposal, for your judgment: drop the "design and development ... for others" clause**

from Class 42. Register fact: DOMOTZ was cited against none of the 53, including LOCKIN's identical DOMO ("software for permitting users to monitor their home") and KIDOMO's door locks and monitors.

B5 — Recoverability on the record. The one DOMO-family citation overcome: NHK's DOMO, by a consent agreement from Domo, Inc. (B1). No X-DOMO formative has ever been cited, so there is no by-argument precedent either way. Three DOMO-string applications were abandoned unanswered after an action (DOMOLINE, LIV DOMO, DOMOBIOS) — cause unknown (inferred: not evidence of unanswerability).

B6 — The question (TMEP §1207.01(b)(iii), "Comparing Marks that Contain Additional Matter"). Whether VERDOMO reads as one coined word or as VER- plus a dominant DOMO (Stone Lion v. Lion Capital, 746 F.3d 1317 (Fed. Cir. 2014), against Shen Mfg. v. Ritz Hotel, 393 F.3d 1238 (Fed. Cir. 2004) and Jack Wolfskin v. New Millennium Sports, 797 F.3d 1363 (Fed. Cir. 2015)); DOMO's weight in this field (B3); and the goods — LOCKIN's locks, alarms, cameras and lock software against our hub software. We hold no view we'd ask you to adopt; B2 is the register's answer so far.

Limits of this pass. Office-action text is not indexed by the USPTO search: the census walks marks containing the DOMO string, so a DOMO citation raised against a mark WITHOUT the string would be invisible to it. Three prosecution histories were unread. SKYLARK's DOMO (50033965) and the re-filed DOMOLINE (99904255) reach an examiner around 2026-Q4 with LOCKIN registered — the next test of how broadly LOCKIN's goods are read; neither is an X-DOMO formative.
